# Springside School Weekly Newsletter

## Head Teachers' Message:

This week the Tigers class were sent a letter to say their Remembrance display was out of this world. Thank you to Mrs Hoyle from Hamer for her lovely comments.

I am so proud of all of the learners. Over 60% of our learners who were given permission tolerated the tests. Credit also goes to the staff members for supporting the learners and encouraging them to take the PCR tests.

Thank you to all those families who have supported us this week. Whilst we continue with our existing control measures of which Public Health commended us, we ask for all learners to refrain from entering School if they are at all unwell.

In addition, if a member of the household tests positive we ask you to alert the pastoral team and refrain from sending your child into School

Please take care of yourselves  
*Melody*

## Head Teachers' Awards

### Well done!

Experiential: Riah

Exploratory: Brayden

Investigative: Qirat, Mary and David

## Stars of the week

*Butterflies - Alfie*

## Experiential Phase

This week in school Experiential phase have been exploring all things yellow. We have enjoyed Richard dressing up as Mr Yellow (which we think he rather enjoyed) and choosing from a variety of yellow sensory objects from his yellow tray. Our messy play session involved yellow custard. We had great fun accessing the interactive whiteboard game involving splatting different coloured custard from a moving bottle....fantastic for developing our tracking skills!! The wonderful wallabies have been reaching up high for our yellow stars as part of our movement sessions and making some amazing art work using yellow materials. We have also been using large scale Numicon pieces in order to count 5 yellow ducks, tasting yellow fruit such as pineapples / bananas / mangos and melons as well as accessing the light room and its' many coloured lights for some well - deserved relaxation time!!

## Exploratory Phase

This week Exploratory has involved a mixture of home learning and in school lessons. Our learners have coped fantastically well with the changes and disruption to their usual day to day routines. We are extremely proud of each and every one of them. Please can we thank all our families for their support, patience and understanding during what has been a challenging week for us all. We have seen lots of wonderful photos, videos and virtual participation in activities and learning. This has been especially true today (Friday) through lots of Children in Need themed activities.

Please have a wonderful weekend

## Investigative Phase

Investigative phase have had a great week and a fabulous day today celebrating International day of the child and Children in need. Our learners are the most important thing in the world and making sure they know their rights whilst having the best time at school is paramount to their learning.

Thanks to all of our parents who were so supportive with the testing this week, it's all about keeping safe and we very much appreciate your patience and understanding.

Have a wonderful weekend everyone.
